

MOSAICS

Successful organisations understand where they are heading, involve others in the journey and know what needs doing next.

MOSAICS is our simple customised tool, that enables educational establishments, to undertake an organisational strategic health check. Co-created with sector partners it:

- Is quick and simple to use.
- Offers a blend of online and workshop participation.
- Can be used with individuals and leadership teams.
- Enables boards and governors to express their views.
- Compares strategic perspectives between different participants and groups.
- Creates a culture of understanding.
- Provides simple graphical and tabular reporting.
- Is flexibly priced.

MISSION

How well understood is the mission, vision and purpose of your organisation?

OUTCOMES

Does your organisation deliver exceptional outcomes for students and learners?

SUSTAINABILITY

Is the investment in people and facilities enabling a long term perspective?

ATTRACTIVE

Is your organisation seen as attractive to students, talent and potential investors?

IMAGE

Does your organisation have a positive image, either through league table, media or reputation?

COMMERCIAL

Is your organisation adapting its approach to innovate and leverage value?

SOCIAL RESPONSIBILITY

Does your organisation promote social and economic progress beyond its traditional remit?

Our partners have found MOSAICS to be an effective tool when initiating a strategic review or checking progress against a strategic plan.

It offers leadership teams the opportunity to explore and understand the relative strengths and areas of focus within their organisation.

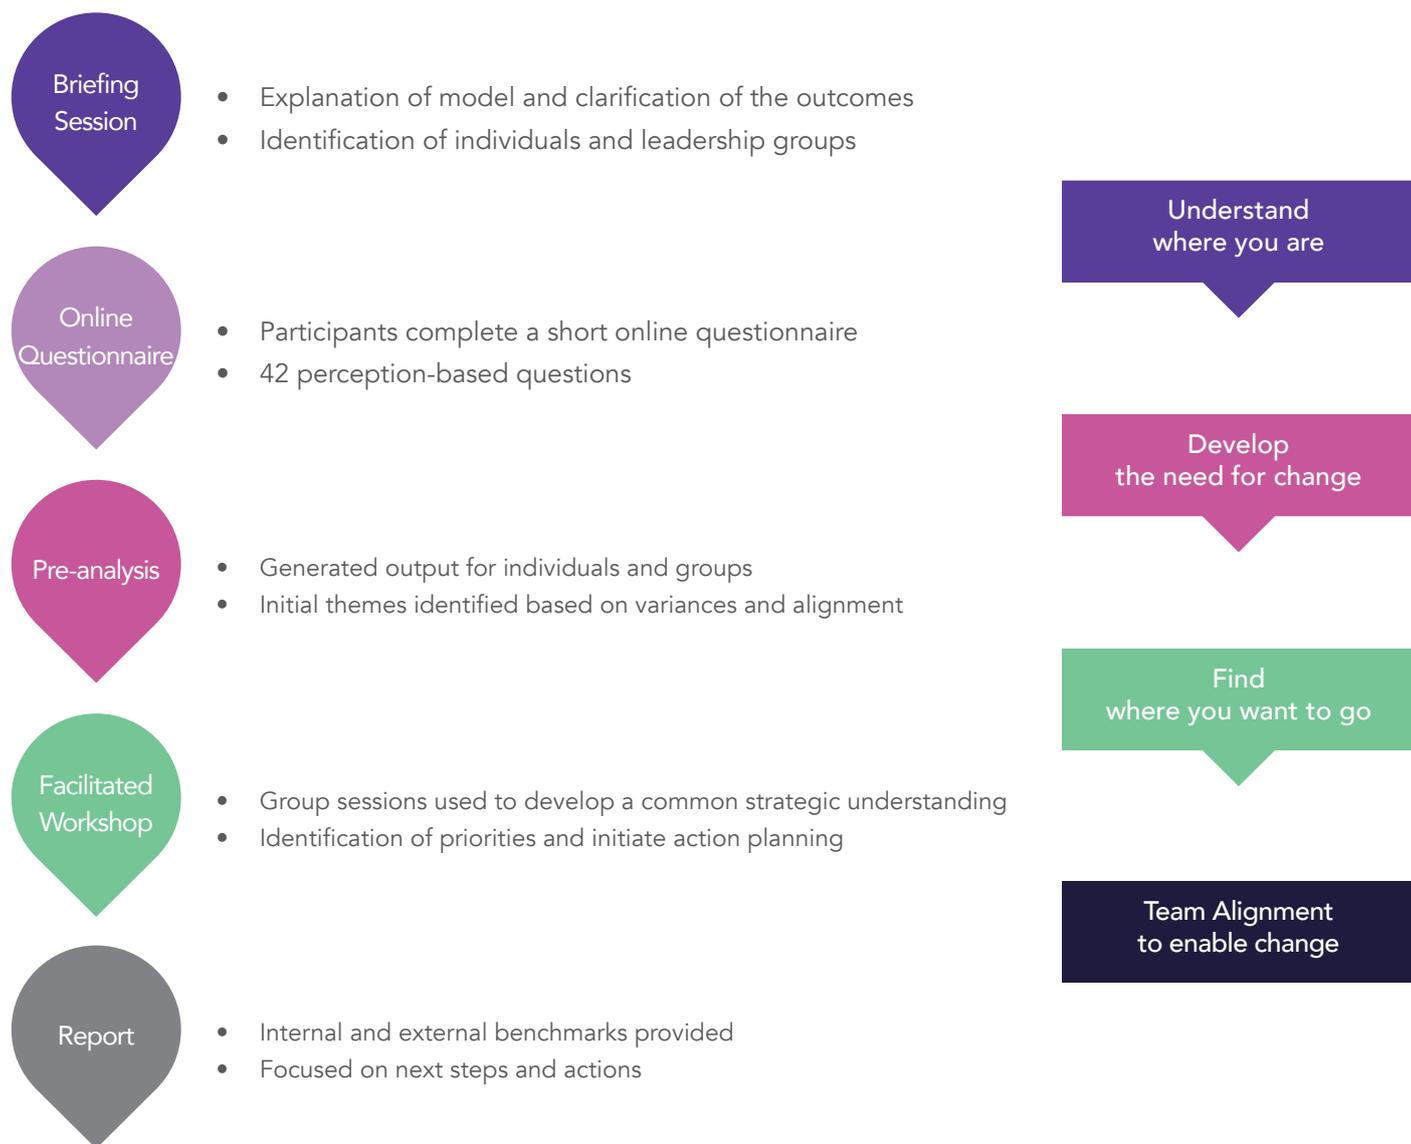

MOSAICS takes a holistic view, looking at the organisation through a number of different lenses and helps to drive action through facilitated structured discussions.

MOSAICS

MOSAICS provides a multi-stage structured process which enables the leadership team to remain in control, shape the pace, emphasis and direction.

A strategic health check in five simple steps:

“MOSAICS was very helpful in terms of thinking of the bigger picture.”
Head of Quality Assurance

“The best strategic workshop we have had as a leadership team.”
Academic Registrar
